Contact no : 6305082428, 7207382220

➢ CAREER OBJECTIVE:

   To pursue an efficient career and to be part of society, which gives scope to amplify my ability. My aim is to give the best of me to the organization and always make steps forward to develop the Ranking of the Organization.

➢ ACADEMIC QUALIFICATION:

- **Bachelor of Engineering (2020-2024) - Anna University**
  Velammal institute of Technology, Tiruvallur District.
  Scored a **CGPA of 8.81**(up to 5th semester).
- **Board of Intermediate Education, Andhra Pradesh (2018-2020)**
  Narayana Junior College, Tirupati District, Andhra Pradesh.
  Successfully **secured a GPA of 8.15.**
- **Board of Secondary Education, Andhra Pradesh (2017-2018)**
  Keshava Reddy Educational Institutions, Tirupati District, Andhra Pradesh.
  Effectively gained a **GPA of 9.7** (SSC).

➢ TECHNICAL SKILLS:

- Programming C
- Networks
- HTML, CSS, JavaScript

➢ PROJECT:

- **RAINY – BRIDGE LIFE SAVER**
 The project's description and title make it obvious that accidents at bridges occur when it rains because of water restoration. By creating water level indicators and an alarm system, we hope to end this problem.
- **ELECRO – GENERATION THROUGH WASTE**
This project was an ecofriendly one, where there is lots of waste being generated in the cities. By using the waste, we are generating the Electricity using the Electronics.
- **LABVIEW-MY DAQ BASED CONTACTLESS WATER LEVEL CONTROLLER**
The major goal of this project is to make it more common for us to watch water overflowing from tanks in the modern world. We are using LabVIEW technology to control the water level to eliminate the inaccuracy.

➢ AREA OF INTEREST:

- Network Engineering
- Electronic Developer

➢ CO CURRICULAR ACTIVITIES:

- Completed non-Mudhalvan certification in "Cloud Essentials".
- Attended LabVIEW Technical Designing course.
- Experienced the Internship on VLSI.
- Participated "Technical symposium events like Presentations, workshops related to ECE conducted by SRM, CIT, BIT.
- Attended Workshop on "Ethical Hacking, IoT, Embedded System".
